Cucumbers, white spine, 2 for 25c.
Head Lettuce, 2 for 25c.

New Budget Helps West

For Westerners the outstanding feature of today's budget was the announcement that the Government would absorb costs of transporting wheat from Western Canada to the extent of five cents per bushel. This, in effect, means that the Western farmer will receive five cents a bushel more for this year's crop. The measure, Mr. Bennett made clear, is a temporary one, and is evidently designed to assist agriculture during the present crisis.

Of equal importance to Alberta—and incidentally, also to Nova Scotia, and Vancouver Island—are coal tariff alterations. Duties of 40 cents and a dollar a ton respectively are imposed upon anthracite coal and coke under the general tariff; the rates on bituminous coal and coal screenings are raised to 75 cents general tariff and rates on charcoal are set at \$7.60 a ton.

Alberta operators will benefit also from extension of the area within which the government subsidy on coal freight rates is operative as far East as Fort Francis and Sioux Lookout, Ontario.

These items in the budget are gestures to the West. For a long time Alberta coal interest have been pressing for protection in the Manitoba and Ontario market for their semi-bituminous product. They have argued that coal-bituminous coal can be used instead of imported anthracite and that the cheapness of the former would make up for the difference in quality. This provision of the budget is a big step towards gratification of Western coal operators' desires.

The general items of the budget are of a satisfactory nature. Mr. Bennett had a difficult statement to make. He had to announce a deficit of \$75,244,973.

The deficit reflects not only Canadian but world conditions. Customs revenue was down \$48,000,000. Sales tax receipts totalled \$20,785,000, less than half the previous year's total. The total yield from excise dropped \$7,289,000 from the \$65,036,000 figure recorded in the Dunning budget. Income tax receipts alone showed an increase. Total collections for the past fiscal year were \$71,049,000, as against \$69,021,000 in the preceding year.

Mr. Bennett had only two ways of meeting the deficit—increasing his revenues on the one hand, and decreasing his expenditures on the other. The budget presented Monday represents a compromise. As was predicted the sales tax, which was reduced last session from two to one per cent, was raised to four per cent. This constitutes the biggest single step to increase revenue.

One of the worst drags this year upon the Government has been caused by unemployment. Mr. Bennett's statement showed that contracts initiated in consequence of unemployment amounted to \$69,640,948 and that at the end of March 248,000 persons were employed. Of the \$20,000,000 unemployment money provided to the end of March, \$4,431,000 was actually paid, and was disbursed as follows:

Alberta \$136,600.17; British Columbia \$259,040.82; Manitoba \$305,638.53; New Brunswick \$290,238.67; Nova Scotia \$62,660.05; Ontario \$1,219,433.5; Prince Edward Island \$21,321.1; Quebec \$319,452.87; Saskatchewan \$635,698.96; Yukon \$20,400. Total \$3,179,704.12.

Canadian National Railway \$352,961.82; Canadian Pacific Railway \$345,480; grade crossing fund \$500,000; parks branch interior \$36,966.81. Total \$1,235,378.65. Administration \$16,582.32. Grand total, \$4,431,695.07.

This is an unusually heavy drain, and present indications are that the relief program adopted in today's inadequate. The budget declaration upon unemployment expenditure during the past year strengthens the argument that a Dominion-wide conference on the subject is needed.

LIMIT SOUGHT FOR ANNUITIES
A bill to limit the amount of annuities which anyone can purchase from the Government to \$1200 a year was given second reading in the Senate Thursday. Senator G. D. Robertson, Minister of Labor, who sponsored the bill explained that under the present Annuities Act, annuities up to \$5000 could be purchased.

The annuities fund was not self-sustaining. The practice had been inaugurated of engaging canvassers on a commission to sell Government annuities, and they of course tried to sell in as large amounts as possible. The Government took the view that people of small means should get the opportunity of buying these annuities up to \$1200, but since it was losing money on the undertaking it should not extend the advantages to the richer people who could afford to pay the higher rates of the insurance and annuity companies.

AIR MAILS CANCELLED

Ottawa, June 1.—All air mail services in Canada are to be cancelled at an early date. Decision of Premier B. Bennett to abandon the services was made known here Sunday night.

WOMEN'S INSTITUTE

The Women's Institute will hold their regular meeting on Saturday, June 13th at the home of Mrs. J. Kamgessner.
Subject: Provincial Legislation affecting the rights and privileges of Women: Mr. Edwin H. Jones, K.C.
Report of Provincial Convention will be given also.
Current Events—Mrs. J. Ford.
Hostesses: Mesdames: C. E. Todd; R. Watson, W. Teward, J. Ford.

INTERIOR DECORATING COURSE

The demonstration course on Interior Decoration under the auspices of the W.I. will be held June 20-23. The demonstrator, Miss Genevieve Pokotilo, wishes to know as soon as possible the number who intend attending, so those interested will kindly phone 299.

Articles to be made include foot stools, cushions, table covers, pictures, gesso plaque, silhouette water-spar enamel work.

The greater part of the material may be purchased after the opening of the course.
Colored felts for motifs for table covers are supplied by demonstrator at 25c.

W. M. S. MEETING

On Thursday last some of the W. M.S. ladies of Lacombe journeyed to Hobbema, where they held a meeting at the home of Mrs. H. Cantelon, which was well attended by the ladies and young people of the district.

Report of the Branch conference was given, the Aims and Objects of the W.M.S. outlined and interesting airplane trips taken across Canada, giving a bird's eye view of Home Mission work. At the conclusion of the meeting the ladies decided to form a new Auxiliary, which was done by Mrs. R. B. Layton, Presbyterian President, the following officers being elected: President, Mrs. T. G. McLeod; Vice-President, Mrs. W. McDougall; Secretary, Mrs. Dave Fenske; Treasurer, Mrs. D. Twack.
They already have a flourishing Mission Band and a C.G.I.T. group is expected to be formed on June 8th.

UNEMPLOYMENT

Editor of Western Globe:
Dear Sir:
It is my opinion that during this season of unemployment, work done in each town or district should be given to the laborers of that town or district. The principal is not followed very closely in this town. For instance, one contractor is employing three men, all from outside of the district. In a neighboring town where they have community spirit, a contractor was letting work to outside laborers. One of the ladies' organizations sent a delegation to interview the contractor, with the result that the work was given to the local laborers. Something should be done here, either by the town council or other organizations.

"THE DAWN PATROL"

Featuring Richard Barthelmess

Thursday, Friday and Saturday

A great cast supports Barthelmess in a great story.

Douglas Fairbanks, Jr., Neil Hamilton, Clyde Cook, Gardner James and Frank McHugh speak for themselves, it is an all-masculine cast, by the way, and the plot is a story filled with an iron quality of masculinity that creates an irresistible power over the spectator. Here, at last, is the real thing. Here is the war as it was actually fought in France in those desperate years which saw the sacrifice of so many brave young lives. Here is a ceaselessly moving panorama of the great tragic drama of actuality which shook the civilization of the twentieth century to its foundations.

There have been great aviation pictures in the past; but there has never been one like "The Dawn Patrol."

COMING "Love in Rough"

June 11, 12, 13.

On to the West! Cried the early pioneers and they march for you with all their indomitable power in "The Big Trail."

COMING

If you know and like good pictures, book these over.

"Sea Wolf", starring Milton Sills.

"The Big Trail" El Brendell Wayne

"Whoopie" Eddie Cantor

"Just Imagine" The picture everyone is talking about.

"Raffles" Ronald Coleman

"City Lights" Charlie Chaplin

"Devil to Pay" Ronald Coleman

"Lightning" Will Rogers

"Dahomy" Norma Talmage

"Halle Angels"

"All Quiet on the Western Front"

"Abraham Lincoln"

"Reaching for the Moon"

"Connecticut Yankee"

"Min and Bill"

And many other great pictures.

PIKE FISHING

Now that Pike Fishing is in full swing at the different lakes of the Province, it would be well for anglers to remember that there is a set limit as to the amount of pike that may be caught in a day. The regulations for Alberta and Saskatchewan places the limit at 16 pike per day. We are informed that this regulation will be rigidly enforced.

SUNNY CREST NEWS

There will be a play put on at the Sunny Crest School, Thursday evening, June 11th at 8 o'clock, in place of the regular young people's meeting. Refreshments will be served as usual by the ladies of Sunny Crest. This includes ice-cream.

The play is presented by players from Red Deer. They will not charge for admittance, but a collection will be taken. All are cordially invited to attend the play and social, with the Sunny Crest Young People.

The Young People had their first meeting at the home of Mrs. H. Woods, on May 30th. Mr. McLean presided. A talk was given, songs were sang, and plans were made for the coming meeting. Coffee, cake, marshmallows were partaken of.

Two weeks later a second meeting was held. The time was more of a program. Herbert Woods sang. Mr. McLean spoke; Mrs. Woods gave an interesting talk and there was a contest. Cecil Garbutt won the prize, ice cream, cake and candy was served.

May the 28th, the Young People met at the home of Mrs. F. Barr. There was a game ball before the meeting started. This time Mrs. Geo recited. Mr. Woods sang. Mrs. Woods spoke a few minutes and Mr. McLean gave a talk. All sang songs as usual. The attendance had increased from 10 to 30. Mrs. Geo was elected President; Mrs. Lester Barr as Vice-President and Mrs. H. Woods as Secretary. Great things are in store. Allan Morris was made Captain of the games.

We sing and play and pray.
We chase our cares away.
Ice Cream we eat,
Cake and candy sweet.
And a "talk" shows us the 'Way'.
Come and see if we don't have a good and profitable time.

LADIES' GOLD CLUB

Under the auspices of the Ladies' Golf Club a series of Bridge teas are being held each Friday afternoon at their Club House, which has been newly equipped with many improvements which contribute greatly to the pleasure and comfort of its visitors. Among other things the new stone fire place has drawn forth many admirable comments.

Mrs. D. P. Chisholm, Mrs. A. M. Campbell, Mrs. W. N. Morrison and Miss L. McClary were hostesses for the first tea. There were five tables of bridge players and many golfers dropped in for tea. On May 22nd the hostesses were Mrs. G. Doherty, Mrs. G. T. Jackson, Mrs. S. English and Miss Margaret Masters. Despite the rather disagreeable weather, a large number of enthusiasts were present, the cheery open fireplace being most inviting.

Last Friday, Mrs. E. C. Chapman, Mrs. A. Belcher, Mrs. John Parker and Miss V. Pratt did the honors. Each tea is more popular than the preceding one and the little Club House on top of the hill is fast becoming a popular rendezvous. Those members who do not avail themselves of these Friday afternoon affairs are missing a very pleasant part of the Club life.

Mrs. David Gilmour, Mrs. W. C. Sweet, Mrs. A. Price and Miss E. Jagoe will entertain next week, June 5th, and those playing bridge are asked to be ready to start at 3:00 o'clock.

The Club is also planning an open silver tea for some Wednesday afternoon in June, to which the public will be invited. The ladies are hoping that the Men's Club will have a tournament that day and that they will enjoy a friendly cup before or after their games. Many who have been unable to become members this year have expressed a wish to see the greatly improved Club House and enjoy the wonderful view therefrom and will be given the opportunity to do so. Further announcements of this tea will be given later.

Wants a Flag

A tactful plea for adoption by the Canadian Government of a distinctive Canadian flag has been made in the Dominion House by Mr. Cameron McIntosh, member for North Battleford.

Mr. McIntosh pleaded that the proposal for adoption of a distinctive Canadian flag be regarded "without prejudice or partisanship, in the spirit or pride of country, which does not in the least exclude our Empire relations." Mr. McIntosh said that he had in mind a flag with Union Jack included in the design, so as to give indication of our British relationships.

There is, of course, nothing invidious in Mr. McIntosh's suggestion. Canada is the only Dominion in the Empire without a flag of its own, and there seems to be no reason why she should not have one. A flag is useful not only as a symbol of nationality, but also to indicate the nature of public buildings. We should certainly have a flag, and no other part of the Empire can feel the slightest annoyance when we express the wish to have a flag. Many people in Great Britain and other parts of the Empire, no doubt, would be surprised if they were informed that Canada has no flag.

The curious thing is that Canada once did have a flag. It was a red

design with the Canadian Coat of arms on it, and it was adopted shortly after Confederation. The British Admiralty, however, objected to its use on the high seas, so it was flown only on land. Then, because one of these flags, which flew over the Parliament Buildings, was supposed to have worn out, an official suggested that it be removed. A Union Jack was run up in its place. Down came the other Canadian flags in the Dominion, and up went the Union Jack. And Canada no longer had a flag.

If we want to see a Canadian flag flying officially we have to go overseas. It floats above Canada House in London, and contrives with the stuffed bison and buffalo heads and the beavers to indicate that this place is Canadian territory.

The trouble is that Canadians have a flag when they are away from Canada and have no flag when they are at home. The situation should easily be rectified.

Public indignation has been aroused by the severity of the sentence imposed on a youth named Park by Magistrate Davidson, of Calgary, a few days ago. Six months' imprisonment with hard labor was the punishment given for breaking into a restaurant in Glichen and stealing three pies.

It is fair to point out that the judicial displeasure no doubt centred on the act of breaking and entering and not on the theft itself. Park and another youthful companion had previously asked the restaurant owner for food and had been refused. In the latter's absence they entered a rear door and helped themselves to the pies. They did not touch the cash register nor take tobacco or any other property. The evidence showed that the act was caused by the impulsion of hunger. The boys took only a little food and it would seem that the magistrate should have made due allowance for the absence of crime motive. One boy was let go

consider the value

AN outgrowth of the McLaughlin Carriage Company, General Motors of Canada, Limited, traces its history to 1869, sixty-two years ago. Since that time it has put forth continuous effort to give outstanding value to its customers. Manufacturing on Canadian soil has been constantly improved and refined. Large purchases of raw and finished materials, made in Canada wherever possible, have reduced prices and increased quality. The outstanding character of General Motors Products has attracted a splendid body of dealers who are ready to demonstrate and explain, at your convenience, this extra value.

Look in the classified pages of your phone book under "General Motors" for the address of the nearest dealer.

TUNE IN "CANADA ON PARADE" - EVERY FRIDAY NIGHT

GENERAL MOTORS CARS HAVE OUTSTANDING VALUE

15 shots
Quick as a wink!

This little Stevens sure throws 'em straight and hard, whether you're sighting on a scurrying red squirrel or into a bull's-eye. And notice how smooth and easy the pump! 15 shots, snappy as a trip-hammer. You can't beat the old Visible Loading for dead-eye accuracy, because the barrel's bored like every Stevens barrel—scrapped so smooth that the final cutting removes less than 1/1000 of an inch. That slow, painstaking method gives an accuracy that lasts. And the same care is given to every little detail of every Stevens gun—examine that handsome finish—get the perfect balance as you toss her up. A Stevens is right, from muzzle to butt-plate. Finally—the price is right. So low as to be little short of amazing. Ask at your dealer's, or write us for full details of the Stevens line rifles and shotguns.

Stevens "Visible Loading" is accurate .22 caliber repeater. You know when it's loaded, and you know when it's empty.

Here and There

Admiral East Jellison, hero of the battle of Jutland, will open the Toronto Exhibition next August. He will be passenger on the "Duchess of York."

More newspaper paper is made in Canada than in any other country. In 1930 Canada manufactured 2,364,000 tons or 36 per cent of the world production of newspaper paper.

Thirty-eight lakes in the district of The Pas are being commercially fished today as against 18 two years ago. The catch was 2,178,000 pounds of fish in 1930 as compared with 1,400,000 lbs. in 1928.

Sixteen countries have so far accepted the invitation of the Canadian Government to send official representatives to the World's Grain Exhibition and Conference to be held at Regina, July 25 to August 6, 1932.

Foxes on the ranches in Prince Edward Island are getting Vitamin D in their diet, through the medium of fish. The fish is a sun-dried herring are fed to the foxes on the ranches. The foxes are thriving on this new diet.

Banff, Yoho and Kootenay national parks in the Rockies are available to motorists in a continuous loop route at the cost of a \$2 licence fee. This opens up 400 miles of fine travelling in untravilled scenery with a total park area of 5,679 square miles.

A Calgary man has won the cheque for \$800 offered for the best slogan in the contest just closed by the management of the World's Grain Exhibition and Conference to be held at Regina, July 25-August 6, 1932. The slogan was: "Show what you grow and share what you know."

The English Association Football team, representing many of the best soccer teams in the Old World, which will tour Canada, playing games in the major cities of the Dominion during the next two months, arrived at Montreal on board the Duchess of Atholl, May 23.

Radio continues to grow in popularity in Canada. Licensed receiving sets at the end of last March totaled 514,701, an increase of 90,555 over the number registered the previous year. Figures for the year to March 31, 1931 represent an average for every 15 of the population.

Included in the brilliant passenger list that will feature the maiden voyage of the Empress of Britain, 42,500-ton flagship of the Canadian Pacific Atlantic fleet, at the end of May, will be Lord Rothermere, great English publicist and owner of a string of British newspapers, including the London Daily Mail.

Representative French railway experts touring this country and the United States recently made a thorough inspection of Canadian Pacific transportation facilities, steamships, hotels and terminals, gathering a considerable body of information and equipment for the Chemin de Fer du Nord, in France.

Empire Day, held this year on a Monday, made a long week-end holiday. In every part of the Dominion, holiday-makers took advantage of the new long week-end fares, recently inaugurated by the Canadian Pacific Railway, charging fare and a quarter for return trips to any point in the country. This reduction is in force every where in Canada every week-end. (739)

Western Farmers Drop Wheat Pool

Winnipeg, May 29.—New policy of optional open-market selling, sponsored by directors of Manitoba Wheat Pool, is practically certain of adoption by the membership, according to reports received from rural districts Thursday. Early returns from meetings throughout the province indicated almost unanimous approval of the directors' proposal under which members would have the privilege of collecting the full spot price instead of the Pool's initial payment. If sanctioned, the new plan will come into effect June 1.

Reports from 11 meetings held to date, record only three dissenting among 600 members in attendance. Nine of the 11 meetings adopted the "open-market option" unanimously. In all, 94 locals have to vote on the proposal, and the final result will not be known until the week-end, when it is expected President C. H. Burnell will make an official announcement.

"The returns, which already have come to hand show that a strong pool sentiment still exists and the vast majority of the members are recording their votes in the belief that the proposals are of only temporary nature," stated J. T. Hull, publicity director of Manitoba Pools, Thursday.

It has been indicated, Mr. Hull said, that permanent cancellation of the present plan is not favored by the membership and that they are voting in the "open-market option" only as a temporary measure, until normal conditions return. The change in the selling plan will be a distinct departure. It will mean that the Pool will "hedge" on the futures market all grain received for spot sale.

If the plan is accepted, members desiring to sell in the open market instead of receiving only the usual Pool initial payment are still required to deliver their grain to the Pool elevator system.

Bank of Montreal Publishes Report

The semi-annual statement of the Bank of Montreal, just issued, contains many interesting features, outstanding among which is the very strong position of this leading institution, as disclosed by substantial increases in its already large holdings of Dominion Government, Provincial Government and other high-grade securities. The strengthening of the Bank's holdings in this attractive form of investment has been possible, doubtless, owing to the lessened demand for accommodation from general business and also to marked contractions in call loans in Canada and abroad.

The statement, which is for the six months to April 30th, shows total assets of \$786,897,706, compared with \$826,900,537 at the end of the fiscal year to October 31st last. Of this total, liquid assets amount to \$306,026,901, equal to 55.72 per cent. of total liabilities to the public. Included in them are cash holdings, equal to 11.16 per cent. of public liabilities, represented by gold and subsidiary coin of \$29,785,969. Dominion notes of \$44,426,109, and deposit in Central Gold Reserve of \$5,000,000.

The profit and loss account shows a substantial falling off in earnings as compared with the corresponding period last year. This is probably due to a larger proportion of the Bank's reserves being represented in its holdings of high-grade securities and a lower rate of interest earned on its foreign reserves. The profits for the six months were \$2,771,733, equal to 3.69 per cent. on the combined capital stock, rest and balance of profits. This compares with \$3,548,017 in the first six months of the previous year. The profits provided for the payment of two dividends disbursed during the period and after allowances for taxes and bank premises, permitted of a further addition to profit and loss account.

The Average Man Wants to Work

A riot occurred in Winnipeg when it became known that a contractor had jobs for a hundred men. Fifteen hundred men turned up at the scene and the police had to drive them away before the fortunate men could get to work.

Unemployed men want work. This is a fact in all but a minority of cases. It is true the country over. For one who wants to live at the expense of the public, or who would be content to live on charity, nine at least seek nothing more than to get a day's pay for a day's work.

This is the true country over. The unemployed as a class deserve sympathy, not censure or suspicion. They are the victims of circumstances, some of past folly no doubt, not voluntary idleness. The exceptions are only numerous enough to prove the rule, and it is crucially unjust to suppose that they represent the great body of unemployed men.

Buy in Canada Drive Needed

It is a platitude to state that if every Canadian honestly set out to give preference to Canadian goods whenever possible, the back of the present depression would be broken in this country. Comments have appeared in editorial columns of perhaps every daily newspaper in Canada. The appeal to buy goods made in Canada has lost some of its force by its very repetition, for there can hardly be more than a few thousand literate persons in the Dominion who have not read something about patronizing home industries. One question why, as a result, there has not been a nation-wide rush for Canadian goods.

It is partly because people are not conscious of the significance of a purchase. Many a housewife who would be the first to endorse the principle of supporting home industries makes small purchases of foreign-made goods through habit and because the influence of one small purchase upon the trade total of a nation appears to her negligible. Yet every purchase counts.

It may be partly because the average person does not think about buying Canadian goods during the rush of shopping hours. Retailers, if they wish to, can rectify this. If all goods made in Canada could be segregated from those of foreign manufacture

A Private Income of \$100 a month for Life

from age 55!

\$100 A MONTH if in good health
\$100 A MONTH if in ill health
\$10,000 CASH in case of death

Just picture it—At 55, while still well and vigorous, to come into a private income (over and above other revenues), guaranteed for the rest of your life, of \$100 a month. You simply make yearly or half-yearly deposits of an agreed amount for a specified period, at the end of which you begin to receive a monthly income for life. That's only part of the story—If, meanwhile, through sickness or accident you should become totally disabled, you cease paying premiums and receive \$100 a month during such disability. At age 55, the regular income of \$100 a month, unimpaired, comes into effect. Look how your family is protected—Should you die at any time before reaching 55, your family receives \$10,000. Fill in and forward this form (which involves you in no obligation) and exact figures suited to your individual need will be sent you.

SUN LIFE ASSURANCE COMPANY OF CANADA

HEAD OFFICE MONTREAL

Without obligation on my part, please send full particulars of your \$100-a-month-for-life plan as outlined in your advertisement in _____ (Name of Paper)

Name (Mr., Mrs. or Miss) _____
Date of Birth _____ (Month) _____ (Year)
Address (Street) _____ (City) _____

and labelled appropriately, the shopper on entering the store would immediately be conscious—if not of the necessity to patronize—at any rate of the existence of home industry.

This would be a system of fighting foreign-manufactured goods by appealing to sentiment, wisdom and consideration for the welfare of the community. It would have nothing to do with the intrinsic quality of Canadian-made goods.

It is our belief that Canadian goods as a general rule can more than hold their own with foreign products on the home market, providing they are given a fair showing. Certain foreign products, however, have been advertised to a phenomenal extent. The only way to even up this advantage is to draw special attention to Canadian goods. The time to start is today.

Lovely Skin

Vegetable Pills Did What Creams Couldn't

"I find (writes Miss E. T. Clapham) that Carter's Little Liver Pills have done more to keep the complexion clear and the skin free from blemishes than all the face creams I have used. Dr. Carter's Little Liver Pills are no ordinary laxative. They are ALL VEGE-TABLE and have a definite, valuable tonic action upon the liver. They end Constipation, Indigestion, Biliousness, Headaches, Acidity. All druggists. 25c and 75c red packages."

Unmarried Female Teachers Favored

Medicine Hat, May 29.—A resolution terminating existing contracts with married female teachers on the temporary teaching staff was unanimously adopted at a meeting of the Medicine Hat school board Thursday. The resolution read as follows: "That in view of the surplus of female teachers, this school board do forthwith terminate the agreements with all married female teachers at present on the temporary teaching staff, and fill the vacancies thereby created by the appointment of unmarried female teachers. That this board do further take immediate steps to enquire into the teaching capabilities of all married female teachers at present on the permanent teaching staff, and where deemed expedient to terminate existing contracts, filling all such vacancies by the appointment of unmarried female teachers with the necessary professional qualifications and teaching experience, and that henceforth no married female teacher be placed on the permanent teaching staff of our schools."

RESTRICTIONS SUGGESTED FOR "SWEEP" BILL

Ottawa, Amendments to the Hospital's Sweepstakes Bill, sponsored by Hon. G. H. Barnard (Victoria) were introduced in the senate Thursday by Senator F. L. Beique. The bill has received second reading in the Senate and has been considered in committee. Senator Beique's proposed amendments would restrict the authority of an attorney-general of any province to authorize the holding of a sweepstakes to his own province. Tickets for that sweepstakes would not be sold only within that province. Another amendment provides that the mails shall not be used for delivery of sweepstakes tickets except within the province where the sweepstakes is authorized. Sale of such tickets outside Canada is authorized. The amendments will be discussed on third reading of the bill, when the Senate reassembles on Tuesday next.

FEDERATION OR PACT?

L. Vinoff, the Soviet delegate to the conference at Geneva on a Pan-European Federation, proposes the making of a "pact of economic non-aggression" among the countries of that continent. The suggestion may not get much attention, partly because of where it comes from. Any proposal emanating from Moscow are naturally subject to the suspicion that experience has shown to be necessary in valuing offerings from that hatchery of deception and trickery.

But divorced from its authorship, and broadly considered, the idea has merit. An all-round agreement to stop hitting each other with economic weapons would seem to be what the European countries chiefly need. Their intentions, of course, are not hostile, but the results are much the same. The notion has gained currency among them that to accept goods from a neighboring state is an act of colossal folly, if not an act of economic treason.

Europe as a consequence has been criss-crossed with trade-preventing tariffs which block commerce, hamper industry, and make general prosperity a thing almost beyond comprehension. France recognizes that hence Briand's scheme for a Euro-

pean federation. Germany and Austria recognizes it; hence the tariff agreement between them that has set the rest of the continent by the ears.

Some general agreement to modify these barriers is inevitable, sooner or later, and the sooner it comes, the better for the world at large. The Livinoff proposal has at least the advantage that it may be possible of accomplishment, while the federation scheme looks more like the subject for a ten years' debate than a project that is within the range of practical politics.

MORE TAXES

Toronto, In a special despatch from its Ottawa correspondent, the Mail and Empire Thursday says:

"Announcement of changes in several hundred tariff items, increases in the sales and corporation taxes possibly a new impost on Canadian transactions on foreign stock exchanges are expected to be among the provisions of the budget which Premier Bennett will shortly table in Parliament."

"Obliged to report a \$100,000,000 drop in revenue, slumps in both export and import trade and a large deficit necessitating an add to the national debt. Premier Bennett will announce a number of increases in taxation. The sales-tax will be raised from one per cent. to either four or five per cent. It may be made one per cent. higher on imported goods than on domestic products. Such a differentiation would serve two ends. It would increase the tax's revenue and at the same time provide an additional margin of protection for Canadian producers."

"Other expectations in the way of tax increases are a rise in the corporations tax from its present eight per cent. to ten per cent., and a tax aimed at stock trading by Canadians on the New York Exchange through Canadian brokerage houses."

Ottawa, Amendments to the Hospital's Sweepstakes Bill, sponsored by Hon. G. H. Barnard (Victoria) were introduced in the senate Thursday by Senator F. L. Beique. The bill has received second reading in the Senate and has been considered in committee.

Senator Beique's proposed amendments would restrict the authority of an attorney-general of any province to authorize the holding of a sweepstakes to his own province. Tickets for that sweepstakes would not be sold only within that province. Another amendment provides that the mails shall not be used for delivery of sweepstakes tickets except within the province where the sweepstakes is authorized. Sale of such tickets outside Canada is authorized. The amendments will be discussed on third reading of the bill, when the Senate reassembles on Tuesday next.

INSURANCE PLAN GOOD FOR CANADA

Ottawa, Unemployment insurance can be worked out to better advantage in Canada than in any other country. Hon. Peter Heenan, M.P., former minister of labor, declared in addressing an Ottawa service club, "We are already well on the way to adoption of such a scheme," he added.

Under an unemployment insurance scheme, Mr. Heenan asserted, every man participating would have to register and, by extending registration points, all men out of work could register. If positions could be found for them they could be sent to them. If, however, any man did not want a job which had been found for him, he would not be allowed to further participate in the scheme.

The Great Event of the Year

Lacombe's 1931 Chautauqua

"SKIDDING"

This brilliant scintillating comedy of American home and political life will be something altogether new for Canadian Chautauqua audiences. The cast is excellent, and the characters of the play will be appreciated by people in every community throughout the Dominion.

In the twentieth century, families, like automobiles, do a lot of "skidding," but with more tragic results.

A fine love story is interwoven through the play.

4 Big Days

"BOUGHT AND PAID FOR"

"Bought and Paid For" has good plot, is full of incident, and has dialogue of rare power. The characters are genuinely human, and its touches of light comedy are altogether infectious.

The Canadian Players—an all-star cast—will present this play on the opening night.

Thursday

June is the month of the roses—so do not miss the Rose Ball at Bentley on June 12th.

Miss Laura Harkin, who is a nurse in training at the Holy Cross Hospital, Calgary, is now home on her vacation.

At the Bentley Rose Ball on Friday, June 12th, a valuable prize will be given the lady who most closely estimates the number of roses in the hall.

Mrs. H. K. Crandall (and little daughter), has arrived from Vancouver to attend the wedding of her cousin, Miss Hilda Collis, of Blackfalds.

On Thursday, June 11th, from 3 to 6 p.m., tea will be served under the auspices of the W.A. at the home of Mrs. H. Jones. Everyone attending will have an opportunity of winning a beautiful cushion.

Young married couple wants farm work. State full particulars. Apply Box 253, Lacombe.

There will be roses galore, confetti, serpentine, etc., at the Rose Ball at Bentley on Friday, June 12th.

The regular meeting of the I.O.E.E. will be held at the residence of Mrs. Frank Bortell, on Monday evening, June 8th at 8 o'clock.

The Red Deer W.C.T.U. will put on a play in the interest of Social Reform, under the auspices of the Sunny Crest Mission, in the Sunny Crest school, on Thursday, June 11 at 8 p.m. A collection will be taken up.

A young local dancer were show you just how the "tap" and other dances should be done, at mid-night at the Bentley Rose Ball.

Anglers are warned that the limit for pike (Jackfish) is fifteen in any one day. We understand that a party from Red Deer is proudly boasting that on Sunday last he took some 180 fish from Gull Lake.

The Baby Clinic sponsored by the Lacombe and Lakeside Women's Institute will be held this year in the Town Hall over the Fire Hall, on Monday and Tuesday, June 8th and 9th, beginning at 10 a.m. in all children of pre-school age will be given free examination by a competent nurse sent out by the Department of Health.

A gentleman from a neighboring town came to Lacombe on Monday, and after taking on an overload on beer, got sleepy and sought a haven of rest. He entered a home on Glass St., while the owners were out, and was soundly sleeping when they came home. He was turned over to the police and fined \$10 and costs for this disturbance of the peace.

Miss Olive MacDonald, well-known and popular young Listowel singer, captured the gold medal at the music festival at Listowel this year in the Junior Soprano Class. In addition to this she won second place in the open Soprano class, competing against 14 singers among whom were the best in all Ontario.

Olive is the only daughter of the late Malcolm MacDonald at one time popular barber of Lacombe.

Remember the "Rose Ball" at Bentley on Friday, June 12. This will be a beautiful dance, and a large attendance is anticipated. There will be a valuable prize for the lady who guesses the number of roses in the hall, or the nearest correct number. There will also be confetti and serpentine galore. At mid-night there

will be a novelty dance by a tiny dancer, who will show the audience just how the modern tap dance should be done. Be sure and attend this dance. It will be the best dance of the year.

A couple of citizens took a holiday trip last week, and went canoeing on Jackfish Lake and thence to the Blindman River. Residents noticed that the men were engaged in hunting something, and a game warden, Mr. Bert Degroff, of Bentley, was notified. Mr. Degroff wandered down to the river, and on inspection of the canoe, found some six muskrats and other denizens of the wilds in possession of the men. They were hallo before the court on Monday and it cost them just about \$70 for their little holiday.

Good Prices at Bull Sale

There was a good attendance of buyers and visitors at the Annual Bull Sale held yesterday. The entries were exceptionally good, and our breeders are to be congratulated on the showing. Competition was keen, and all animals entered were sold.

Fifty-six beef bulls of various ages sold at the annual auction held here Wednesday under the auspices of the Central Alberta Cattle Breeders' Association, for the satisfactory average of \$120.50. Herefords were the favorites, 13 head of these returning an average of \$130.50 with 35 Shorthorns bringing \$119.50, seven Aberdeen Angus \$108.50 and one Red Polled \$150.

The highest price paid for an individual went to a M. Douglas of Lacombe, when he sold the champion Shorthorn, Craigview Ivan, a white bull rising three years, to E. Ward Jones of the Canadian Pacific Railway Company for \$300. The champion Hereford, a polled two-year-old entered by Fred Cowman of Garfield, sold for \$215 to R. A. Raband, who farms midway between Lac la Biche and Fort McMurray. Harry Magilton of Lacombe received \$250 for a Shorthorn entry on sale to the L. M. Hinton livestock branch and several other representatives of this breed brought \$200 and upward. One hundred and seventy-five dollars was the highest figure in the Angus section, this being paid MacKenzie Brothers of Lacombe by MacCall Brothers of Edmonton.

John Norquay, of Edmonton, representing the Federal livestock service, bought 11 head of Shorthorns and the lone Red Polled an average of \$159.50, and Tom Farrell, of Calgary, acting for the Burns ranch secured ten head, including some of all breeds, for an average of \$109.50. The \$6,700 realized through the sale was well distributed for the 56 animals sold were drawn from 43 herds in various sections of the province from Champion to Edmonton.

A. M. CAMPBELL'S

Pools Nearing Their End

History is being made these days in the field of co-operative marketing of wheat in Western Canada. During the present week, members of the Manitoba Wheat Pool voted on a proposal to re-establish the open market system of sale, a petition has been presented to the Saskatchewan Government to bring about the immediate dissolution of the Wheat Pool of that province, and officials of the Alberta Pool have been in conference for several days to determine the fate of this organization.

It is obvious that supporters of the pool movement have been travelling around a circle. They are getting back to the position they occupied in 1923 and 1924 and the great co-operative selling enterprise established in the prairie provinces faces most critical days. Economical developments have contributed to the destruction, or at the least the partial paralysis, of the pool movement. The operations of the three provincial pools have resulted in a total indebtedness of \$22,000,000, and this has served to spread gloom and discouragement among the huge pool membership. A major proportion of pool members has reached the definite opinion that the pools cannot carry on successfully under present conditions without adopting hedging tactics or some other form of insurance against falling markets. Absence of this protection has resulted in immense losses to pool members. The average grain grower, whether pool or non-pool, demands protection against the future and he wants the best prices obtainable.

World conditions governing the sale of wheat have been revolutionized in the past two years. The entry of Russia as an exporter on a huge scale has been an important factor in the change, but in addition the increase in production in Argentina, Australia and the Danubian countries has robbed Canadian wheat of its former prized pre-eminence in the world wheat market. Today Canada is only a factor, not the leading factor in the situation, and former ideas that the world cannot get along without Canadian wheat must be thrown into the discard. The importing countries of Europe and the Orient can get along with less superior grades, or even with non-wheat substitutes.

The success of the pools was predicated on the absolute dependence of the world on the superior wheat which this western country produces, but milling practices in Europe have advanced so far that only a minimum of high standard wheat is

necessary to produce a popular flour. There has to be a complete reorientation of ideas, and it is not surprising that in this top-survey era many thousands of western wheat growers are recanting their belief in co-operation. They have reached a mental stage when they want to try something else and that lies in the direction of marketing their own grain.

If Manitoba pool members adopt the open sale principle and the Saskatchewan pool is dissolved, the Alberta Wheat Pool will be in a difficult position. There will inevitably be a heavy desertion movement of members influenced by what is happening in the sister provinces. One reasonably safe prediction is that it will have to modify its regulations to permit the hedging of grain. It looks like the only way to protect its members on a world market in which everyone fights for himself.

The week's developments are of paramount interest to pool members, but they are not without concern to the prairie governments. If dissolution of the great co-operative enterprises occurs, the only security left for the government guarantees of \$222,000,000 is the elevators owned by the pools. Manitoba has not even this protection. Most of the private grain companies have been hard hit by recent market developments and may not be in a position to purchase more elevators. However, these structures are needed to market the Canadian crop and their use on a rental basis, provided the governments do not elect to enter this phase of grain marketing directly, is inevitable in the event of the dissolution of the pools.

Grain Exports Are Higher

Fort William.—The May rush of Canadian wheat to foreign markets swelled the months total to over the 20,000,000 bushel mark last week, the weekly report of E. A. Ursell, statistician to the Board of Grain Commissioners, showed. Clearances for the week ending May 22 were 5,065,471 bushels, and did not include shipments of Canadian wheat from United States ports. A report of U.S. clearances had not been received.

Pacific ports shipped 1,872,000 bushels and Atlantic ports 3,182,706 bushels. With receipt of figures from across the border, the total is expected to near the record set the previous week of 7,568,368 bushels.

Total stocks in store amounted to 137,872,734 bushels on May 22, a drop for the week of 5,900,585 bushels.

Manitoba Approves

Open Selling of Wheat

Winnipeg, June 1.—Open-market selling of wheat and coarse grains has been approved by Manitoba's Wheat Pool. The optional system, whereby members who wish to do so will be able to collect the full spot price on delivery to Pool elevators, goes into effect in Manitoba Monday, according to a statement Friday night by R. M. Mahoney, general manager of the Pool.

FORESTRY FARMS

TO BE RETAINED

Ottawa.—Dominion Government nursery stations at Indian Head and Sutherland, Sask., will continue in operation and arrangements have been made to administer them until the end of the present fiscal year through the Department of Agriculture. Hon. T. G. Murphy, Minister of the Interior, made this statement in the House of Commons Thursday when queried by Hon. W. R. Motherwell, former minister of agriculture. Object of the stations, Mr. Mur-

phy stated, had been to supply free nursery stock to farmers of Western Canada. They had formerly been administered by the forestry branch of the Department of the Interior. When the natural resources of the Western provinces were taken over by the provincial governments last year no arrangements had been made for the carrying on of the work by the provinces.

As the service was supplied only to the three Prairie provinces the question had arisen as to whether it was not a purely provincial matter now that the provinces had control of the natural resources. Pending a decision on this point the work would be carried on for the present year.
